About Maryland Legal Aid

Established in 1911, Maryland Legal Aid is a statewide private, nonprofit law firm that provides free, civil legal services to low-income and vulnerable people to address their most fundamental legal problems. From our 12 offices throughout the state, we help our clients preserve and access safe and affordable housing, maintain and regain custody of their children, and be safe from domestic violence. Maryland Legal Aid increases our clients' economic security by defending against consumer debt, including foreclosures and tax sales, removing barriers to employment, and accessing critical income supports such as unemployment, food stamps and other vital public benefits. Through special projects, we represent elder adults, nursing home residents, migrant farm workers, and children in alleged abuse and neglect cases. In its advocacy, Maryland Legal Aid seeks systemic change through impact litigation, in our advocacy, and by storytelling.
